6. There are not many named angels in the Bible. The most famous is **GABRIEL**

How many words can you make out of those letters? Here are a couple to get you going **gale, able**

There are more than 15 possible ones. Clue...One of them is a popular small animal pet!

7. **AH, PEARL** is an anagram of the name of another angel.

Can you work out his name?

8. Can you find the **ANGEL** hidden in this sentence?

My friend came to stay at Christmas and sang Elvis songs but we would have preferred carols!!

9. We all know about angels in the Christmas story of 2000yrs ago but what about present day angels? Read these quotes and have a family chat about angels

Angels come in all shapes and sizes; all ages and skin types, for example the little old lady who returned your purse last week. Remember the small child who showed you the wonder in simple things

They don't take life too seriously, they travel light.

An angel leaves no forwarding address, they ask nothing in return, like the poor man who offered to share his lunch with you.

Remember the stranger who just happened to come along, when you had lost your way. Think back to the friend who touched your heart, when you didn't think you had one.

They are hard to find when your eyes are closed, but when you choose to see, angels are everywhere you look. So, open your eyes and count all your angels; for you are truly blessed.

10. If you still have the angel that we gave you at school, can you tie it to the chapel railings some time on Christmas Eve to join the heavenly host you will find there ready to welcome the Christ Child on Christmas Day? If you would rather make one of your own, please bring that too!

Happy Christmas!
